Personal statement

A highly motivated and hardworking individual, who is now studying Digital design at Preston's college. I am capable at working in any environment and have gained many skills from DofE.

Key Skills

- Accomplished communication skills, both written and verbal from presentations given during my time at college.
- Flexibility, whilst maintaining enthusiasm and commitment to work.
- Have certificate in food safety and work safety as well as first aid from my previous job.
- Have a creative perspective toward my surroundings.

Education

Preston's college

(2017-2019)

- Fine art
- Digital design

Longridge High School

(2012 - 2017)

- 7 GCSEs

Work Experience

Bank work at Bushell's House

(September 2018)

Key results:

- Able to work under pressure in a work environment.
- Gained confidence in communication skills while working with valuable clients.
- Able to work well within a large team of people.
- Gained qualifications in first aid as well others including health and safety used within work place.

The green room Hair and beauty Salon (Longridge)

(July 2016)

Key results:

- Customer service skills.
- Thoroughly clean the Salon regularly in order to meet the standards.
- Problem solving: When the salon gets busy, I was tasked to serve the customer's needs such as complaints and to register any available appointments.

Hobbies & Interests

Since 6 of age I have always been addicted to drawing and painting. My interests grew more intense after visiting the Tate museum with my family in Liverpool. However when introduced to the world of gaming at the age of 14 my interest grew more towards the digital aspects. With countless research that I have done about concept artists such as Feng Zhu, Trent kaniuga, Wlop and Sakimichan my interests have now become a dream.
